EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

on page 1, line 5, “, according to” has been deleted; and
in line 6, “the preamble of to main Claim 1” has been deleted.

The above change is made to avoid reference to the claims, since as in this case, the original claims has been amended.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: none of the art of record discloses a tripod having a spider with a through hole and a head partially housed inside the though hole. The closest reference found is WO 2005/068895, which at Fig 3 shows a disk 10, which is part of a head 6 partially housed in the spider 3. However, this reference is not prior art since it was published Jan 3, 2005 (even its priority date is Jan 16, 2004).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
